5 Nights Stay and 4 Days Hunt,

The hunting season on 01 September – 20 February

About this trip

Such a successful and enjoyable driven hunt cannot be organized anywhere else but in Turkey, where there are so many natural boar herds, perfect organizations and dreamlike hunting grounds altogether. After the arrival in Turkey, the hunting trip starts at the airport for the hunter where a representative of Anatolia Safari awaits to help with the customs procedures to clear your rifles. This is followed by a well-organized transfer to the pre-booked hunting ground under professional guidance. We inform you before the hunt about the required documents and equipment.

Where you will hunt

The hunting areas are located in all corners of Turkey. We are mostly organizing our stalking wild boar hunts in the Mediterranean Region, Black Sea Area and other regions of Turkey depending of the hunting areas where the altitude is around 100 – 1.250 meters. We choose for you the best hunting area depending on your wishes and season.

Where you will stay

We stay at the closest and the best hotel ore lodges

How to get there

You will fly via Istanbul or with a directly charter flight to hunting Area depending which region you will be taken for the hunt. We suggest Turkish Airlines for your Trip. They are very assisting and

helpful to your rifle caring and trophy shipment. Our Team will assist you for all kind of custom formality's and the paper work at the airport. Depending of hunting area the drive takes between 45 min. and 2 hours to the hunting Area.
